See reverse for an explanation of the fees and supplies being requested. Thank you for your support to your student.

On the reverse is a list of each grade level's requested supply and fee list. The school board adopted a mandatory \$25 supply fee for each student in all schools and grades. This amount is to cover the cost of materials that are expendable or consumable including, but not limited to, folders, journals, notebooks, paper, or other general classroom supplies. Any items they do not use will be returned with your child at the end of the school year. We opted not to charge \$7 for music recorders for grades 3-5 nor did we opt for an additional fee up to \$15 for other expendable items such as USB drives, etc. We opted to ask for specific individual items by grade level for those items teachers run out of before the year's end after using the supply fee. Specific brand names are listed for easier purchase.

An additional \$10 is included to cover the cost of local field trips. Your teacher will be able to share with you the planned field trips for their school year during Back to School Night held on August 13th at 5:30 p.m.

Thank you for your support of your child's classroom.
