G. SUPERINTENDENT REPORT

G-1. Quarterly Financials & Business Investment Report

➤ Mrs. Melanie Trujillo, Chief Financial Officer, highlighted budget information for the fourth quarter of the 2021-2022 school year and the first quarter of the 2022-2023 school year. Items highlighted, for the fourth quarter, were revenue numbers ended higher than projected due to higher ownership taxes collected and the passing of House Bill 22-1186 in the spring. Expenditures were lower than projected due to some staffing positions not being filled resulting in the District being able to increase reserves significantly. Mrs. Trujillo reported interest revenues have increased with the rise in interest rates. She shared information on how the District handles investments, noting state law and policy are used as guidelines, to ensure low risk and high quality investments, to obtain the best rate of return as possible. Items highlighted for the first quarter included salaries and benefits are tracking similar to last year as anticipated. Student enrollment for this year is down approximately 449 students from last year, with the final count used for funding to be determined in the next few weeks. The district budgeted for a reduction of 412 students.

G-2. Strategic Plan Focus Area #2 Update

➤ Ms. Nikki Jost, Human Resource Executive Director, displayed the graduate profiles of the Strategic Plan and noted the Strategic Plan guides the work of the District. She shared the three priority areas under Strategic Focus Area #2 of Prepared and Supported Staff. The three priority areas are Professional Learning, Diverse & Growing Pipelines and Staff Wellness.

➤ Mr. Carter Ness, Certified Recruiting Specialist, spoke on the priority area of Diverse and Growing Pipelines. He noted the objectives and goals are to match the states average of diverse teaching staff and increase the diversity of leadership to 8%. He displayed graphs showing the District's current staffing demographics and that of the state, noting the state's demographics are a year behind. He shared information on the various ways the District will be working to reach the goals through advertising, the District's Grow Your

- Own Program and making hard to fill positions a priority.
- Mr. Danny Medved, Professional Learning Director, noted the three main goals under priority area Professional Learning are for every educator to have access to impactful and effective professional learning communities, supporting the whole child and their social emotional development and implementing practices that bring along all learners. He reviewed the various types of trainings and activities used across the District, at the different grade levels, and the acronyms used for the trainings and activities. He described what Data-Informed Learning Communities are and the autonomy approach used to equip leadership teams. Mr. Medved introduced a team of staff members present, Ms. Audrey Moralez, Ms. Lisa Crabtree, Ms. Jamie Burnham and Ms. Linnea Hulshof, to share some bright spots happening across the District and at the different grade levels.
- Ms. Audrey Moralez, Redlands Middle School Learning Model Coach, reported because of the work being done through Network Improvement Communities (NIC) the Redlands Middle School staff collaboration has improved greatly over the past four years. Staff has selected meaningful goals with great buy in from staff and students. She reported each year the school chooses a culture goal and last year Redlands Middle School chose "Student Belonging". By focusing on the single goal they saw improvement in the Panorama data. She described steps the school is taking this year to develop action plans, with student involvement, around the focus area of helping students develop and maintain positive relationships and launched a Be The Good Campaign.
- Ms. Lisa Crabtree, Fruita Monument High School Social Studies Teacher, explained how, through the work of the District and leadership teams, learning communities have fostered purposeful time for teachers to collaborate and work together to make data driven discussions. Teacher teams work together to determine and correct learning gaps while remaining mindful of a student's needs. She noted teacher teams work collaboratively for the benefit of the students.
- Ms. Jamie Burnham, Instructional Coaching Coordinator, spoke on curriculum-based professional learning at the elementary level. She shared information on how schools are working to strengthen math skills through standard based curriculum and literacy by partnering with STRIVE to use evidence-based early learning best practices.
- Mrs. Linnea Hulshof, Cultural and Linguistic Diverse Coordinator, displayed data on District 51's diverse population in comparison to other comparable districts and student performance. She noted for English language arts and math, District 51 students are on par with comparable districts. The District has remained committed to the strategy of working with learning communities to focus on leveraging collective responsibility by working together and responding to student data. She reported on steps taken this school year for Gifted and Talented (GT) students, English Language Learners and students with special needs to fill learning gaps.
- Ms. Lynnette Siedschlaw, Benefits Manager and Mrs. Siri Vensel, Risk Manager, spoke on the priority area of Staff Wellness. They reported a committee, comprised of District 51 staff and community members, will be focusing on the over-all well-being of all employees as staff wellness

G-3. Turn Around & Priority Improvement Schools' Presentations (Clifton Elementary, Grand Mesa Middle, Juniper Ridge Charter and Mt. Garfield Middle Schools)

- Superintendent Hill shared that schools rated by the state as Priority Improvement or Turnaround are required to present their improvement plans to the Board. He noted the goal of the Strategic Plan is to have 100% of schools on the state's top two rating tiers of Performance or Improvement.
- Ms. Amy Shepard, Clifton Elementary School Principal, shared information on the high rate of staff turnover at the Clifton Elementary School, over the past years, including high turnover in administration. She was happy to report this past year the school retained 92% of staff. Graphics from the Teaching and Learning Conditions in Colorado (TLCC) survey were displayed and showed improvement and 100% of teachers felt supported. Graphics and information were shared on English language arts (ELA) and math on growth and achievement. Data showed a drop in student growth in ELA and math showed inconsistencies over the past four years. Data from the Dynamic Indicators of Basic Early Literacy Skills (DIBELS) showed student growth from the beginning of the year to the end of the year in ELA for the past two school years. Ms. Shepard reviewed root cause and major improvements strategies for ELA and math. She feels utilizing the school's Title I funds have helped with student achievement and growth and getting data results faster has helped in identifying learning gaps. The school is working to create a six-year journey for Clifton Elementary students. She feels high staff turnover and the lack of systematic training when implementing core resources impacted student learning. She reviewed next steps of implementing a systematic learning structure.
- Ms. Kim Davis, Grand Mesa Middle School Principal, shared demographics of her school noting 65% of students are on free and reduced lunches and her school has experienced a large amount of staff turnover. She feels the current staff is committed to improving student outcomes through learning communities and data driven instruction. She shared data on student achievement and growth. Achievement scores showed fairly consistent scores and just under the performance rating. She noted the data was not a surprise based on the past. Last fall staff started gathering data and implementing new plans and structures, which are now in place and showing positive results. Panorama data on the school climate and culture was shared. The school has been working on improving the school's social emotional eco system. Three goals of the school are to improve student

engagement, parent and community collaboration and student ownership. Root cause of staff turnover and the lack of systems, structures and resources that met the needs of the learners were elaborated on. She shared information on the schools two major improvement strategies. The first strategy is to have systems and structures to support learning and the second is to address students' behaviors that disrupt the learning environment.

- Ms. Nikki Johnston, Mt. Garfield Middle School, and the two Mt. Garfield Middle School Assistant Principals, Ms. Sally Huddle and Ms. Danielle Bagwell were present to share information about Mt. Garfield Middle School. The administration team is fairly new with the school experiencing five different principals since 2017. With consistency in administration for the past few years the school has been able to change the focus from behaviors to academics. The school has a high number of students on free and reduced lunches and a high staff turnover. Data and information was shared on student academic achievement trends, but the data only represented a small number of students, 144 out of 590 students. One celebration noted was that students on Individual Education Plans showed growth because of special education teachers co-planning with core teachers. Climate and culture data was shared with a small drop in student engagement last spring. The improvement strategies for the school were shared. The first strategy is to focus on data-informed instruction to leverage the best instruction and hold students and teachers to grade level vigorous work. The second improvement strategy is to increase students' sense of belonging and engagement. The school is looking to obtain input from students to building a structured plan of improvement.
- Ms. Kathleen Mumaw, Head of School, and Ms. Judy Drake, Assistant Head of School, shared information on the work being done at Juniper Ridge Charter School. Juniper Ridge Charter School is a K-8 school focused on the Waldorf system of learning, which is a strong relationship-based social, emotional education. Information was shared on how the school is working to sustain the Waldorf philosophy while incorporating the state standards into student learning. It was noted data information was limited, as many parents opted out of the testing partially due to low staff buy in, which can skew data results. Administration is hoping to see a shift in staffs' mindset, with the majority of staff now trained in Waldorf, so they can focus on incorporating data driven learning without losing their identity as a Waldorf school. Major improvement strategies were shared with the first strategy to use the best first instruction for English language arts and analyze data biweekly. The second strategy is to integrate English language arts and math standards into grade level student learning. Teachers are now learning what the standards are and how to teach the standards in the backwards learning model.

He read an email he sent to CBS News acknowledging his request for the District and Senator Scott to contact CBS News to verify two feature stories, one on pursue syndrome and the other on a FOX News report on normal sex, which relates to an incorrect law and a House resolution on comprehensive sex education. He hopes the District contacts CBS News.

- **Randi Overturf, Grand Junction 81501**
 Ms. Overturf teaches language arts at Grand River Academy. She spoke on experiencing financial stress and having to work part time jobs to make ends meet. She noted even after teaching for five years her salary is under \$50 thousand, which is the starting salary in many districts. She is married and her household has two incomes. She stressed the need for the District to return to steps and lanes and the need to increase wages to attract and retain qualified staff.
- **Ms. Karen Severson, Grand Junction 81501**
 Ms. Severson has been with the District for twenty-six years and has seen a lot of challenges, but she feels things are getting harder. She spoke highly of the dedication and hard work of teachers. She feels it is crucial for staff to continue their education in order to stay abreast in best practices and teachers should be compensated for continuing their education. She noted, with the return of steps and lanes, she would like the District to still consider all of the Aligned Professional Learning Units teachers took over the past number of years. She reflected, when she started with the District back in 1973 at Scenic, teachers were fighting for a higher wages. Twenty five years later when she started working as a teacher wages were still low and she has always had to have a second job to make ends meet and to pay the high cost of out of pocket expenses insurance doesn't cover. She questioned why anyone would want to be a teacher with the starting salary at only \$43,000. She requested the Board reflect on a teacher's starting wage in 1973 to be around \$6,000, then 25 years later, when she started, \$25,000 and now twenty six years later \$43,000.
- **Joan Axthelm, Grand Junction 81505**
 Ms. Axthelm, teaches cultural and linguistic diverse education to multi language learners at Clifton Elementary School. She reported on serving on a couple of interview committees to recruit teachers to the District. She reported on speaking with people, from all over the world who would be great candidates and having an interest in coming to this area, but those people declining to apply because they are unable to find acceptable housing with the salary they would be making. She noted the District needs to be able to offer a competitive salary to attract and retain staff.
- **Casey Hawley, Grand Junction 81503**
 Ms. Hawley, a Central High School Teacher, reported she has been teaching for four years after earning her bachelor degree in secondary social studies education in 2017. She chose Grand Junction after looking at photos of several different locations and thought Grand Junction looked like a nice place. She shared the cost her degree was around \$100,000, it took her five years to complete and when starting with the District she started at \$35,000 and is now earning \$47,000. She reported Forbes Magazine shows the

average salary for a person with a bachelor degree to be \$59,000 and teachers with a master's degree at \$69,000. She questioned why anyone would pursue a master's degree if there is no compensation for earning the degree. She pointed out that students notice when a teaching position is not filled and other teachers have to fill in. She reported, at her school two Fridays ago, ten teaching positions were not filled. She also reported the school is in disrepair and there is asbestos in the school. She believes demand is high for teaching positions, supply is low and it is imperative that the steps and lanes pay system be implemented this next year.

- Rickie Howey, Grand Junction 81501
 Ms. Howey was present to address the language changes being proposed in the policy regarding Board conflict of interest. She noted the change will not allow a D51 Board member to serve on a Board at a charter school. She believes this language conflicts with Colorado Revised Statute 24-18-109. She noted policy language added, denies a D51 employee to serve on the Board and the Board has not given a reason for this change. She reported the proposed policy additions were put on hold when a white male, who served on the Board, needed to continue to work as a substitute teacher during COVID. She believes the Board is discriminating against, the only person who serves on the Board and works for the District, a black man. She believes the language is a threat to people of color who have shown an interest in serving on the Board. She believes this is an egregious and racist attempt to limit engagement and is a pattern of political alter conservatives failing to protect LGBTQ students from bullying, failure to contain bullying and failure to contain groups from politicizing the election process and are efforts to introduce Reagan era union busting techniques.
- Pam Middlemas, Grand Junction 81501
 Ms. Middlemas, Grand Junction High School Librarian, spoke on the importance of having a librarian at all schools. She listed off schools which no longer have a librarian and are having to rely on library aides and/or parent volunteers. She noted all middle and high schools have physical libraries with infrastructure in place to locate and/or borrow books from other libraries. The infrastructures are in place but there is no staffing at many of the schools. Her and other librarians have spoken in the past about the importance teacher librarians play in teaching and assisting students in choosing literature around controversial issues. She noted librarians help students to learn how to appropriately research materials and compare resources. Ms. Middlemas will send Board members an email noting all her bullet points on the importance of librarians. She requested the Board classify librarians as essential personnel and take the decision away from principals as to whether the school should staff a librarian or not.
- Rina Koff, Grand Junction 81504
 Ms. Koff asked if the short story Ponies was approved curriculum in District 51. She read the beginning portion of the short story. The story speaks about little girls owning ponies and the ponies having wings, a horn and the ability to speak. One pony, named Sunny, tells about how it is expected for the ponies to give up two of their three attributes, wings, horn or the ability to speak, at a cutting out party, so the pony's owner can be accepted into a popular girls' club. Barbara is the girl who owns the pony named Sunny.

- Janet Drummand, Grand Junction 81507
 Ms. Drummand read the next section of the short story. This portion spoke about a party at Top Girls house where the cutting out ceremony is to take place. It mentions other girls' names such as Second Girl, Suck Up Girl and Everyone Likes Her Girl. She read the portion of the story where Barbara is required to cut the wings from her pony, Sunny.
- Kathy Hawkins, Grand Junction 81504
 Ms. Hawkins continued to read the short story. This portion of the story tells about Barbara cutting off Sunny's wings and her horn, and then Top Girl instructing Barbara to cut out Sunny's voice in order to belong. Barbara refuses and Sunny attempts to run away in order not to lose her voice, but the other ponies attack and kill Sunny for not complying.
- Kathleen Woodward, Grand Junction 81501
 Ms. Woodward – finished reading the last portion of the short story. In the final portion Barbara is told she cannot be a part of the group because she no longer has a pony.
- Michael Day, Fruita 81521
 Mr. Day noted to listening to school personnel speak about school climate and culture and students' belonging during an earlier presentations. He asked if anyone wanted to join him in a cutting out party to belong to a club. He feels talking about good things is meaningless unless the Superintendent, School Board and Principals know what is going on in the classrooms. He questioned if the short story Ponies, being read by students at Fruita Middle School, is part of District approved curriculum. He shared how shocked and stunned he was in learning that this book would be allowed to be read, especially in this climate of anti-bullying. He reported the parent of the student who brought the short story home reached out to the principal, but was asked to meet with the vice principal. The parent reported the vice principal mentioned her son would have to face challenges in life and needs to learn how to handle those challenges. Mr. Day believes this type of literature should be banned from schools to avoid school shootings and student suicides.
- Catherine Swande, Fruita 81521
 Ms. Swande, a parent of a Fruita Middle School student, reported she was not the only parent who had an issue with this book. She noted it was pretty unanimous that all the students in the classroom had issues with the short story, but their concerns were ignored. She read a prepared statement. Her statement expressed her belief that we are living in a world filled with chaos, where people lack common sense, morals, ethics and values. She feels the short story Ponies, is hate filled hypocritical literature that speaks of violence, bullying, dismemberments and death, and is contrary to what she is trying to teach her students. She reported she is reaching out to all who care about children and the future of our nation to unite with her and call upon the District to: reevaluate the standards by which books and literature are chosen, follow up with those responsible in allowing this type of literature to be allowed in the schools, remove this curriculum from the schools by Christmas and provide parents the authority to approve books and literature within the classrooms.

Mrs. Sheerman, in response to hearing about this short story, reported she sent a copy of the short story to about 100 people on the internet. She shared some of the responses she received: The story reads like some of the demonic Disney stories; horrified and the book is not even appropriate for adults; students should be reading books with role models not horror stories; the meaning of this book is you can't join a club without sacrifices; the story is sick and lacks empathy; mutilating a pony is like changing into another being like transgenderism; there are better books; and one person quoted Philippians 4:8. Ms. Sheerman cannot recall reading anything like this when she attended public school.

- Kelly McKay (did not sign up to speak)
 Ms. McKay, a teacher at Chatfield Elementary School, stepped to the podium to speak with a fellow teacher. She has been teaching for over twenty five years and was a student in District 51. She requested the Board address the problem of teacher burn out.
- Robyn Carmine, Grand Junction 81503
 Ms. Carmine, a second grade teacher at Chatfield Elementary School, believes poor student behaviors are at an all-time high. She reported staff is being beat up, hit, bit, and punched on a daily basis, including some staff being sent to the hospital, without students facing consequences. She believes this is happening throughout the District. She reported staff has been advised to wear protective clothing such as long sleeves and padding and padded rooms have been installed at some schools. She noted there is a large waiting list for students to get into the therapeutic school. She requested the District listen to staff and find ways to support staff such as increasing mental health and behavior supports for students and find ways to address discipline issues and remove disruptive students from classrooms. She noted student behaviors and emotions are so escalated students are hurting themselves and teachers.
- Tom Keenan, Palisade 81526
 Mr. Keenan – Spoke on the assignment of reading the short story Ponies. He spoke on two ways to stand tall. The first is to show honor and respect for others and to help others and the second is to knock down and stomp out others. He believes the assignment highlighted the second way. He noted teachers should be role models and be teaching about honor and not horror, good not evil and respect not destruction of self or others. He reported some staff showed disrespect, tonight, by not participating in the Pledge of Allegiance. He believes some teachers avoid teaching at the middle school level due to the magnitude of students' emotions. He reported middle school level is where black and white appears gray and students question appropriate behaviors and the self-concepts become fragile. He questioned where was belonging, empathy, kindness, leadership and respect shown in the story. He believes teaching by showing examples of deviant behavior is counter-productive in helping students become the best they can be.
- Steve Brown, Grand Junction 81501
 Mr. Brown, a twenty-three year teacher from Grand Junction High School, was present to speak about positive things happening at his school. He spoke on the great job teachers are doing and the exceptional work being done by the leadership team working to set up the academy model for Grand

He described the work some of his students have been doing while serving in internships with local media. He is hoping, since COVID restrictions are gone, more students will be able to take advantage of internships.

- Anna Elliott, Grand Junction 81501
 Ms. Ana Elliott, spoke on supporting Hillsdale College. She read from a Hillsdale College pamphlet, bullet point number six on K-12 civic education. Bullet point six spoke on the reasons teachers choose to teach, such as a sense of responsibility to help in the cultivation of a child or the admiration of a teacher who taught them. Also noted was a number of items that distracts teachers from teaching such as excessive paperwork, bureaucratic expectations, complex technology, student behaviors and dictatorship over lesson plans and teaching methods. The pamphlet notes the Hillsdale 1776 curriculum helps restore the teacher's ability to teach. She read a letter she received from Hillsdale College which spoke about some newly opened schools teaching the Hillsdale classical education.
- Carolyn Brandt, Grand Junction (no zip code listed)
 Ms. Brandt spoke on the short story Ponies and asked if the teacher had the students write a report on this story. She questioned if the short story was approved curriculum and if approved, by whom. She believes the story is inappropriate and teaches children if they are bad they will succeed. She asked if someone in the District is going to do something about this and if the teacher is going to be fired for harming students.
- Doug Bryant, Grand Junction (no zip code listed)
 Mr. Bryant believes children are being taught that the values they were brought up with are no longer valid. He believes the assignment of the short story Ponies, was not an isolated incident and is a deliberate destruction of the cultural standards of morality. He questioned, what was the teacher's agenda in using this material. He noted the short story is harmful and demonstrates the need for a group of parents, grandparents and concerned citizens to oversee what is being taught in the classroom, not just the District.
- Kerry Hicks, Palisade 81526
 Ms. Hicks, a first grade teacher at Rocky Mountain Elementary School, spoke on the hardships she and other teachers are experiencing and how many teachers are reaching their breaking point. She shared mental and physical complication her and other teachers have experienced due to stress. She reported on having twenty-nine students in her first grade classroom, in an impacted school, and that the District is trying to correct the situation by adding staff. She gave a shout out to her principals in the work they are doing to try and support the teachers. She noted the District needs a more timely system for supporting schools in class sizes and behavior impacted areas. She reported student behaviors are extreme and described some behaviors, she is seeing, such as constant screaming, which is disruptive to learning. She feels low wages are impacting the ability for the District to hire and retain classroom support. She would like to have someone spend a day in her classroom to see what is happening and expressed a need for people to understand why the Panorama survey scores are low.

<p>_____ Bridget Story, Assistant Secretary Board of Education</p>							

The Board of Education and Superintendent Hill would like to invite Ms. Dawn Cruickshank to the front of the room.

Founded in 1956, Arc Mesa County is a nonprofit organization, which advocates for people with intellectual and/or developmental disabilities and their families to ensure their opportunity to education, employment, and recreational opportunities in their community. Each year Arc Mesa County recognizes outstanding community members that have made a difference in the disability community and have gone above and beyond, giving of their time, resources and knowledge, in collaboration with The Arc Mesa County.

This year's recipient, for the Arc Mesa County Child Advocate of the Year Award, was District 51's Special Education Coordinator, Ms. Dawn Cruickshank.

For over twenty-five years Ms. Cruickshank has worked with and has been an advocate for District 51 students with special needs. This award not only recognizes the work she does every day for District 51 students, but it also highlights her willingness and accomplishments in working with the disability community in Mesa County.

The Board of Education and Superintendent Hill would like to congratulate Ms. Cruickshank on receiving this well-deserved recognition and thank her for her continued support of all students.

**Opt-Out of the Family Medical
Leave Insurance Act Program**

Board of Education Resolution 22/23: 21

Adopted: October 18, 2022

WHEREAS, the Mesa County Valley School District has reviewed the requirements of the Paid Family and Medical Leave Insurance (“FAMLI”) Act, C.R.S. § 8-13.3-501 et seq. and its accompanying program; and

WHEREAS, the District has the discretion to decline participation in the FAMLI program pursuant to C.R.S. § 8-13.3-522; and

WHEREAS, declination of employer participation in the FAMLI program does not prohibit the District’s employees from independently enrolling in the FAMLI program and benefiting from the administration of paid leave as provided in C.R.S. § 8-13.3-514 ; and

WHEREAS, information was shared with the Board of Education regarding the recommendation by the District to decline participation in the FAMLI Program; now

THEREFORE, BE IT RESOLVED the Board of Education wishes to follow the recommendations of the District; and

NOW, THEREFORE, BE IT FURTHER RESOLVED that the Mesa County Valley School District 51 Board of Education hereby declines employer participation in the FAMLI Program as created by C.R.S. § 8-13.3-501 et seq.

I certify that the information contained herein is accurate and was adopted by the Mesa County Valley School District 51 Board of Education on October 18, 2022.

**Resolution to Contract with Monument Health
for a Single Option Health Care Plan**

Board of Education Resolution 22/23: 22

Adopted: October 18, 2022

WHEREAS, the cost of providing healthcare for District 51 employees and their families has grown unsustainably over the past four years; and

WHEREAS, the District invited three local health insurance carriers and/or networks currently offering Clinically Integrated Network Services to submit a Request for Proposal; and

WHEREAS, only two providers, Community Hospital/Mountain West Integrated Health Network and Monument Health submitted complete proposals; and

WHEREAS, following submission of those proposals an independent actuarial firm reviewed the proposals to establish premium costs for both a single and a dual plan option with a five year pricing structure; and

WHEREAS, a panel comprised of thirteen individuals from District faculty, staff, administration, consulting and members of the Board of Education, reviewed the cost comparisons and recommended the District enter into contract negotiations with Monument Health for a Single Option Plan; and

WHEREAS, the Board of Education adopted resolution 22/23:10 authorizing the District to enter into negotiations with Monument Health for a Single Plan Option; and

WHEREAS, negotiations with Monument Health and the District have been completed; and

WHEREAS, the terms of the attached negotiated contract meet the satisfaction of the District and Monument Health; now

THEREFORE, BE IT FURTHER RESOLVED that the Mesa County Valley School District 51 Board of Education hereby instructs the Superintendent to sign the agreement with Monument Health for a Single Plan Option with Monument Health.

I certify that the information contained herein is accurate and was adopted by the Mesa County Valley School District 51 Board of Education on October 18, 2022.

BOARD MEMBER CONDUCT/CONFLICT OF INTEREST

Adopted: October 18, 2022

Page 1 of 3

Board Member Conduct

Public office is a trust created by the confidence which the public places in the integrity of its public officers. To preserve this confidence, it is the desire of the Board to operate under the highest ethical standards.

In carrying out the member's fiduciary duties, a Board member shall not:

1. Disclose or use confidential information acquired in the course of the member's official duties to further substantially the member's personal financial interests.
2. Accept a gift of substantial value or substantial economic benefit tantamount to a gift of substantial value which would tend to improperly influence a reasonable person in the position to depart from the faithful and impartial discharge of the Board member's public duties or which the member knows or should know is primarily for the purpose of reward for official action taken.
3. Engage in a substantial financial transaction for the member's private business purposes with a person whom the member supervises in the course of the member's official duties.
4. Perform an official act which directly and substantially confers an economic benefit tantamount to a gift of substantial value on a business or other undertaking in which the member has a substantial financial interest or is engaged as counsel, consultant, representative or agent.

The phrase "economic benefit tantamount to a gift of substantial value" includes a loan at a rate of interest substantially lower than the prevailing commercial rate and compensation received for private services rendered at a rate substantially exceeding the fair market value.

It is permissible for a Board member to receive:

1. An occasional nonpecuniary gift, which is insignificant in value.
2. A nonpecuniary award publicly presented by a nonprofit organization in recognition of public service.
3. Payment or reimbursement for actual and necessary expenditures for travel and subsistence for attendance at a convention or other meeting at which the member is scheduled to participate.
4. Reimbursement for or acceptance of an opportunity to participate in a social function or meeting which is not extraordinary when viewed in light of the position.
5. Items of perishable or nonpermanent value including but not limited to meals, lodging, travel expenses or tickets to sporting, recreational, educational or cultural events.
6. Payment for speeches, debates or other public events reported as honorariums.
7. Reimbursement for authorized expenses in carrying out Board duties as provided by law.

It shall not be considered a breach of conduct for a Board member to:

1. Use school facilities and equipment to communicate or correspond with constituents, family members or business associates.
2. Accept or receive a benefit as an indirect consequence of transacting District business.

Board Member Conflict of Interest

Public office is a trust created in the interest of the common good and for the benefit of the people. A conflict of interest can arise when a public officer is unable to devote himself/herself with complete loyalty and singleness of purpose to the general public interest.

It is the intent of this policy to protect the public trust placed in directors of this District. For purposes of this policy, the Board declares that a conflict of interest is a personal, pecuniary interest that is immediate, definite and demonstrable and which is or may be in conflict with the public interest.

A Board member who has a personal or private interest in a matter proposed or pending before the Board shall disclose such interest to the Board, shall not vote on it and shall not attempt to influence the decisions of other Board members in voting on the matter.

However, if a Board member has complied with statutory disclosure requirements by notifying the Secretary of State of an interest in the matter, the member may vote if their participation is necessary to obtain a quorum or otherwise enable the Board to act. If a member votes under these circumstances, the member shall state for the record the fact and summary nature of the potential conflict of interest.

The written disclosure to the Secretary of State shall list as applicable the amount of the member's financial interest, the purpose and duration of any services rendered, compensation received for services or such other information necessary to describe the interest.

A Board member shall not serve as a member of a charter school's board of directors. If a charter school board member is elected or appointed to the District's board, the individual will resign from the charter school board prior to being installed as the Director's board member.

The Board considers it a conflict of interest for a Board member to also be employed by the District. Therefore, the Board shall not hire any of its members as an employee of the District (including employment of a member at any charter school of the District) nor shall the Board approve any compensation for a member for services rendered to the District as an employee except for services rendered by the Board as provided by law. Therefore, an employee elected to the Board, as of the November 2023 or appointed to a vacant position prior to the November 2023 election and thereafter, shall be required to relinquish employment with the District prior to taking office. Employees are encouraged to consider this prior to running for the Board. Board members may volunteer his/her time on behalf of the District without compensation.

The Board shall not enter into any contract with any of its members or with a firm or corporation in which a member has a financial interest unless one or more of the following apply:

1. The contract is awarded to the lowest responsible bidder based on competitive bidding procedures.
2. The merchandise is sold to the highest bidder at a public auction.
3. The transaction involves investing or depositing money in a financial institution, which is in the business of loaning money or receiving money.
4. If, because of geographic restrictions, the District could not otherwise reasonably afford the contract because the additional cost to the District would be greater than 10 percent of the contract with the interested member or if the contract is for services that must be performed within a limited time period and no other contractor can perform the services.
5. If the contract is one in which the Board member has disclosed a personal interest and is one on which he has not voted or has voted as allowed in state law following disclosure to the secretary of state and to the Board.

Except as described above, a Board member shall not be a purchaser at any sale or a vendor for any purchase made by the District.

A Board member may request an advisory opinion from the Secretary of State concerning issues relating to the member's conduct and potential conflict of interest.

BOARD MEMBER CONDUCT/CONFLICT OF INTEREST

Adopted: October 18, 2022

Page 3 of 3

Separate from state law and the Board's policies concerning the Board's standards of conduct and conflict of interest, federal law imposes restrictions on the conduct of Board members whenever the transaction in question is supported by federal funds subject to the Uniform Grant Guidance (UGG).

Under the UGG, a Board member shall not participate in the selection, award or administration of a contract supported by a federal award if the Board members has a conflict of interest as defined by the UGG.

A conflict of interest arises under the UGG when the Board member, any member of his or her immediate family, his or her business partner, or an organization which employs or is about to employ any of the aforementioned parties has a substantial financial or other interest in or would obtain a substantial tangible personal benefit from a firm considered for a contract.

In addition, the UGG prohibits Board members from soliciting or accepting gratuities, favors or anything of monetary value from contractors or parties to subcontracts that are federally funded, unless the gift is an unsolicited item of nominal value.

For purposes of this policy section only, "immediate family" means the Board member's spouse, partner in a civil union, children and parents. In determining whether a financial or other interest is "substantial" or whether anything solicited or accepted for private benefit is of "nominal value", the Board shall follow the standards of conduct and corresponding definitions applicable to local public officials under state law.

These minimum federal requirements are not waivable in connection with any transaction or contract to which they apply.

A Board member who violates the standards of conduct set forth in this policy's section may be subject to censure or other disciplinary action, in accordance with the Board's authority and state law.

All meetings of the Board shall be open to the public except that at any regular or special meeting the Board may proceed into executive session upon the affirmative vote of two-thirds of the quorum present.

The Board shall not make final policy decisions nor shall any resolution, policy or regulation be adopted or approved nor shall any formal action of any kind be taken during any executive session.

Prior to convening in executive session, the Board shall announce the topic of the executive session, which shall be reflected in the minutes. The Board shall include the specific citation to statute authorizing it to meet in executive session when it announces the session and identify the particular matter to be discussed in as much detail as possible without compromising the purpose for which the executive session is authorized.

The Board may hold an executive session for the sole purpose of considering any of the following matters:

1. Purchase, acquisition, lease, transfer or sale of any real, personal or other property. However, no executive session shall be held to conceal the fact that a member of the Board has a personal interest in such property transaction. C.R.S. 24-6-402 (4)(A).
2. Conferences with an attorney for the purpose of receiving legal advice on specific legal questions. C.R.S. 24-6-402 (4)(b). The mere presence or participation of an attorney at an executive session shall not be sufficient to satisfy this requirement.
3. Matters required to be kept confidential by federal or state laws or regulations. C.R.S. 24-6-402 (4)(c). An announcement will be made indicating the specific citation to state or federal law, which is the reason the matter must remain confidential.
4. Specialized details of security arrangements or investigations. C.R.S. 24-6-402 (4)(d).
5. Determination of positions relative to matters that may be subject to negotiations, development of strategy for negotiations, including strategy for negotiations relating to collective bargaining or employment contracts, and instruction of negotiators. Discussion of negotiations relating to collective bargaining or employment contracts, shall occur in a public meeting, unless an executive session is otherwise allowed. C.R.S. 24-6-402 (4)(e).
6. Personnel matters except if an employee who is the subject of an executive session requests an open meeting. C.R.S. 24-6-402 (4)(f). If the personnel matter involves more than one employee, all of the employees must request an open meeting. Discussion of personnel policies that do not require discussion of matters specific to particular employees are not considered "personnel matters."

The Teacher Employment, Compensation and Dismissal Act shall prevail in teacher dismissal hearings. (It provides that a dismissal hearing shall be open unless either the administration or employees requests the hearing be closed.)

Discussions concerning a member of the Board, any elected official or the appointment of a Board member are not considered "personnel matters".

7. Consideration of any documents protected under the mandatory nondisclosure provision of the Open Records Act, except that consideration of work product documents and documents subject to the governmental or deliberative process privilege must occur in a public meeting, unless an executive session is otherwise allowed. C.R.S. 24-6-402 (4)(g).

8. Discussion of individual students where public disclosure would adversely affect the person or persons involved. C.R.S. 24-6-402 (4)(h).
 9. Negotiations concerning the terms of an employment contract with one or more superintendent finalists if the Board has named more than one candidate as a finalist and has held a forum open to the public to conduct interviews with each of the finalists. C.R.S. 24-6-402(4)(i)(I).

In addition to interviewing finalists in a forum, the Board may interview finalists in executive session. C.R.S. 24-6-402(4)(i)(II).

The Board may also instruct personnel and representative to begin contract negotiations with one or more superintendent candidates in executive session, including the necessary process to prioritize, for the purposes of negotiation, one or more finalists after public forums have been completed. C.R.S. 26-6-402 (4)(i)(III).

Prioritizing among the finalists and beginning negotiations with one or more of the finalists shall not constitute formal action or adoption by the Board or governing body. Such formal action occurs only when the Board or governing body comes into public session and casts votes on their preferred next chief executive officer. No formal adoption is deemed to have taken place until a public vote has occurred.

Only those persons invited by the Board may be present during any executive session regardless of the topic of the session (including personnel matters).

The Board shall cause an electronic record to be made of the executive session in accordance with applicable law. Such records shall be retained by the Board for 90 days following the session.

TEACHING ABOUT CONTROVERSIAL ISSUES

Adopted: September 19, 1989
Policy Manual Review: November 19, 2002
Adopted: October 18, 2022

A controversial issue is any problem or subject invoking strong opposing viewpoints, likely to arise in a classroom setting on which strong emotional bias is expressed or may be the subject of intense public argument, disagreement or disapproval. A topic or instructional resource discussing a controversial issue may be incorporated into the instructional program only when germane to the academic standards, established curriculum and are understandable by the pupils given their grade level or age.

1. Guiding Principles: Where controversial issues are dealt with in an instructional setting, instructional personnel shall:
 - a. Be objective and impartial;
 - b. Gather facts and opinions that represent various viewpoints on the issue;
 - c. Discuss the authority and reliability of facts and opinions;
 - d. Show respect for every person who discusses any aspect of the issue; and
 - e. Employ techniques designed to stimulate discussion and develop understanding of the various viewpoints.

2. Selection of Resources:
 - a. To the extent feasible and appropriate, instructional resources representing various viewpoints shall be employed.
 - b. Textual material shall be screened in accordance with District procedures.
 - c. Supplementary instructional materials, including materials not owned by the District, shall be screened by the building principal who shall have final responsibility for selection and/or use.
 - d. Film, videos and other forms of digital media may be considered controversial. Use of film, videos and other forms of digital media in District schools shall be governed by Policy IMBA and Regulation IMBA-R.

If a teacher questions whether a topic or instructional resource is controversial within the meaning of this policy, the teacher shall contact the principal. The principal may instruct the teacher to notify students' parents/guardians and allow the student to opt-out prior to discussing the topic or using the instructional resources. When controversial topics or instructional resources are used as part of the instructional program, a student, or the student's parents/guardians, may request alternative learning resources or activities. The requested alternative resources or activities should be provided when feasible.

Teachers shall inform the principal of controversial topics that arise unexpectedly which cause, or are likely to cause, concern for students and/or their parents/guardians.
